Bethel Township High School Reunion. Through the persistent efforts of a few of the live members of the High school, arrangements were completed by which the first annual reunion of the above school was held at Olive Branch Thursday afternoon and

evening, August sixth. A game of base ball constituted the principal feature of the afternoon sports. The rain and threatening aspect of the weather detracted from the interest usually shown in this game, but otherwise the afternoon sports were enjoyed by all.

About seventy invitations, including the members and ex-members of the school, were sent out and about forty of those receiving

invitations attended. Before repairing to the table, spread with a bountiful supper prepared by the lady members of the school, a number of the familiar school songs were sung, Anna McCleary

Mr. Herman Voges was called to investigation, Chief Harner was convinced the chair and Mr. Joseph Schneider was elected secretary of the Schneider was appointed to take charge of the finances of the fest.

The following committee of general arrangements was named, and will meet to lay out the work at 8 o'clock Sunday evening, at Chas, Renschler's, on Main street : Chas, Keller, Jacob Schaefer, Chris. Schumacher, Chas. Renschler, W. Troutwein, Joseph Buss, Leo Braun, Aug. Hibschman.

The following reception committee was appointed: Adam Schmidt, M. M. Kaufman. August Schneider, Philip Schmidt, Joseph Engensperger.

Before the business meeting, the drill corps of twenty-five young men and boys, which will compete for Springfield at the fest, was exercised in the presence of a large crowd of spectators by W. Troutwein, the drill-master, whose instruction was received in Germany and who is very expert in the semi-military maneuvers and manual. The local society is about one year old and this is to be its first demonstration. It has made good progress. but the expectation of the managers is that the test will further strengthen the organization by giving the members an opportunity to compare notes with older turners. There will be a grand parade at 10 a. m. through the city to the fair grounds, where there will be addresses, drill contests and other athletic sports of a national character. There are twelve of these subordinate societies in the Ohio Bezirk, located in Cincinnati, Cleveland, Columbus, Toledo, Dayton and other of the larger cities, and as a pointer to the probable attendance it may be said that arrangements have already been made to run an excursion from Cincinnati bringing two hundred people. The flag to be presented to the local society is a very rich and elegant banner, and is now in course of construction in this city. The Big Six band has been secured to provide music for the parade and at the grounds. Excepting last year's Sangeriest nothing managed by our Teutonic citizens has been of so great importance and interest as the coming Ohio Turnfest.

TO YOUNG MEN. Spermatorrhoa-Its Cause and Cure. The chief causes of this discusse are nonatural abuses of the sexual functions, or self-pollution, veneral excesses and weakness of the organs resulting from veneral discusses, and other difficulties affecting the urinary organs. The minds of such patients, particularly if the affection be attributed to unnatural abuse, becomes greatly depressed by an apprehonsion of impetency. He saffers from a sense of pollution and degradation, becomes metaneholy, with an averdon for society. Then follow loss of memory, duliners of the head, general nervous debility, indigestion, impurities of the blood, primples or eruption on the face, papidiation of the heart, weakness in the small of the back, loss of pretreative power, nervous irritability, weaking of the frame, cough, consumption, decay and death. These are but a few of the terrible consequences which follow, sooner or later, the victims of solitary vice, that dreadful and destructive habit which simplify some to an untimaly grove thousands of the most talented and promising young men. Hundreds of these sufferers are to be seen in every commanity, who are conscious of their condition and the dangers to which they are exposed, yet are too timid to take the necessary steps to get relief. I would say to such, look at once to your health and happiness. It has are dangerous. Take one candid thought before it is too late. A week or month may place your case beyond the reach of loops.
